## Selectmen's Report 2011

Last year we forecasted that 2011 would see a rise in taxes mostly due to outside agencies downshifting costs to local communities and the property re-assessment. Unfortunately, that was accurate. The increase from the cooperative school district was much higher than anticipated. In addition, revenues from the State declined. There are so many differing reasons for the tax increase, it's too time consuming to detail in this report. The consolation is that we did not increase any faster than most other towns. Our standing in the state is still one of about ten incorporated communities whose tax rate is in single digits. All of our divisions, Town, Refuse District and Village Districts did well in spite of the above.

Our overall tax increases over the last 10-12 years has remained below the average consumer price index. We, obviously, would like to talk about tax decreases, but energy costs impact all. The department reports included in this Town Report details changes in those areas. We anticipated the recession years and really clamped down on spending.

The town wide revaluation is complete. Property values have held better in Bridgewater than most other towns due to the low tax rate. We experienced a decline in property values of about 14%. However, valuation changes were not all equal. Some types of properties have declined more than others. This is based on existing property sales in Bridgewater. (Bank appraisers use sales data from other Towns which can have differing results). Nonetheless, the NH Department of Revenue reviewed the process as required by statute. Ultimately, in Bridgewater, 1/3 tax bills went up, 1/3 down, 1/3 remained the same.

Our long term debt for the public safety building (\$550,000), fire truck (\$300,000), and highway pickup truck (\$48,000) should be paid off by 2015. The only concern for next year is the County Tax portion of the tax rate. That bond payment will hit next year. However, the school payments will, most likely, decline. We are not sure of the net impact.

All in all, town finances are in good shape. We have included additional details throughout the report for your review. We have included a loose copy of our 2011 newsletter with this report. Thanks for your support.

Maurice Jenness, Jr.

Terence Murphy

Henry Woolner

Selectmen.

TOWN WARRANT  
STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF BRIDGEWATER IN THE COUNTY OF GRAFTON IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Town Hall in said Bridgewater on Tuesday, the thirteenth day of March, 2012 next at twelve of the clock in the noon to act on the following subjects:

Polls to be opened from 12 Noon to 6:00 p.m.

Business Meeting 7:30 pm

- 1. To choose a Selectman for three (3) years and all other necessary town officials.
- 2. To see if the Town will vote to raise and appropriate the sum of \$ 1,334,199.00 which represents the operational budget. **Said sum does not include amounts in separate or special warrant articles.**" (Majority vote required.) Recommended by the Selectmen.
- 3. To see if the Town will vote to raise and appropriate the sum of \$10,525 for the purchase of a used 1989 Fire Truck. (\$2500 to come from the sale of the old 1980 Fire Truck and \$8025 from general 2012 taxation.) (Majority vote required.) Recommended by the Selectmen.
- 4. To see if the Town will vote to raise and appropriate the sum of \$23,580 in addition to the 2011 police department budget. The purpose of these funds is to pay the salary of part-time officers totaling sixteen hours per week, compensation for seventy hour on call dispatch in addition to the forty four hours currently provided by a full time police chief and part-time officer. By Petition (Majority vote required) Not recommended by the Selectmen
- 5. To see if the Town will support the efforts to provide for construction of a bicycle and pedestrian pathway from the bridge at Wagon Wheel Condo's on Rt 3a to the Hebron town line. (This is a dangerous 1 mile stretch of road) and furthermore to support grant writing efforts for work to make the shoulders of 3a in Bridgewater safer and more bicycle and pedestrian friendly. By Petition (Majority vote required) Recommended by the Selectmen
- 6. To see if the town will vote to support a study for withdrawing from the Cooperative School District if the Bridgewater – Hebron Village District School is modified to a K-4 school. (Majority vote required.) Recommended by the Selectmen
- 7. To transact any other business that may legally come before the meeting.

Given under our hand and seal, this \_\_ 12th \_\_ day of February in the year of our Lord two thousand and twelve.

## **TOWN OF BRIDGEWATER**

### **Annual Town Meeting Summary**

### **March 8, 2011**

The Annual Bridgewater Town Meeting opened with the Pledge of Allegiance and a prayer at approximately 7:42 pm. Present were Moderator Andrew Denton, Selectman Terence Murphy, Selectmen Maurice Jenness, Selectmen Henry Woolner and approximately 145 residents.

Articles were as follows:

**Article #1: “Choose a Selectman for 3 years and all other necessary town officials”.**  
Vote was taken by town ballot of which there were 280 ballots cast. Votes cast were as follows:

**Selectman (vote for 1) – 3 year term:**

Maurice Jenness 204 votes\*

Ronald Olszak 55 votes

**Moderator (vote for 1) – 3 year term:**

Andrew Denton 247 votes

**Town Clerk (vote for 1) – 3 year term:**

Colleen Kenny 253 votes

**Treasurer (vote for 1) – 3 year term:**

Donna Olszak 53 votes

Pauline Thompson 207 votes\*

**Supervisor of the Checklist (vote for 1) – 3 year term:**

Virginia Merrill 13 votes

**Library Trustee (vote for 1) – 3 year term:**

Rose Williams – Write In – 17 votes

**Trustee of the Trust Fund (vote for 1) – 3 year term:**

Karen Simula – Write In – 28 votes

**Article #2: “To see if the Town will vote the following: Are you in favor of adoption of the Amendment as proposed by the Bridgewater Planning Board for the town’s zoning ordinance, as follows: Are you in favor of amending Section IV (B) of the zoning setback regulations to be a minimum of thirty five (35’) feet between any structure and edge of any highway, street, road or road right-of-way whether public or private?”**

In favor – Yes – 179 votes

Not in favor – No – 81 votes

**Article #3: “To see if the Town will vote to raise and appropriate the sum of \$1,279,000 which represents the operational budget. Said sum does not include amounts in separate or special warrant articles.” (Majority vote required.) Recommended by the Selectmen.**

Selectman Murphy moved this article as written which was seconded by E. Wayne Thompson. There were no questions to address. All were in favor, ruled in the affirmative.

**Article #5: “To transaction any other business that may legally come before this meeting.”**

The Moderator provided residents with the results of the SAU ballot as part of this article, as follows:

Bridgewater School Board:  
Vincent Migliore – 205 votes

Bristol School Board :  
Amin Kalaf – 85 votes  
Lloyd Belbin – 66 votes

Groton School Board:  
Louis R. Lieto – 98 votes  
Jiri Hajek – 55 votes

New Hampton School Board:  
Paul Reheinhardt – 112 votes  
Bruce Davol – 41 votes

Bristol Budget Committee:  
William Joseph – 153 votes

New Hampton Budget Committee:  
Fran Wendelboe – 149 votes

District Moderator:  
Edward (Ned) Gordon – 197 votes

Article #2 – Teacher Contract Agreement  
Yes 172  
No 61

Article #3 – Expendable Trust Fund – Building Maintenance  
Yes 157

No 75

Article #4 – Health Insurance Study

Yes 158

No 86

Article #5 – Default Determined by Budget Committee

Yes 96

No 101

Article #6 – Operating Budget

Yes 159

No 55

After the results of the SAU election read, Selectman Murphy spoke on the tax rate, increased costs within the SAU and increase in cost per student. Handouts were provided depicting the trends faced by the SAU with declined enrollment.

The Northern Pass Project was also discussed and the lack of benefit to the residents this proposal would bring. The valuation of the Bridgewater Biomass plant would be impacted with reduced revenues and the Northern Pass will not be purchasing power from the biomass plant and would only provide @ 1500 highly technical temporary positions. The Selectmen asked the resident to come to agreement on this project. Selectman Murphy moved to have a vote to oppose Northern Pass as a Town, which was seconded by Selectman Woolner. Vote was taken via show of hands in which it was unanimously voted to oppose Northern Pass as a town. Resident Migliore moved to unanimously consent on this motion to oppose the Northern Pass project.

Michael Capsalis moved to adjourn town meeting.

E. Wayne Thompson seconded.

Meeting adjourned at approximately 8:30 p.m.

Respectfully submitted,

Colleen Kenny  
Town Clerk

Bridgewater Planning Board Annual Report

It has been a slow year for the board as the economy continues to remain sluggish. There appears to be some inquiries from landowners with respect to small boundary line adjustments or small subdivisions. The board wishes to thank Kathi Lovett for her years of service to this board as Chair, Vice Chair and member. Kathi resigned last fall and continues to serve the Board in an advisory role as she is the main contact in the town offices. The board also welcomes Janet Woolner as our new Planning Board secretary. Janet brings extensive municipal experience with her and we are happy to have her on board. The board is continuing to address and streamline the process for all applicants and much progress has been made. We welcome anyone to attend our meetings which are held on the 3<sup>rd</sup> Tuesday of every month. Please call ahead to make sure as sometimes meetings are cancelled due to lack of an agenda. If you have any concerns or questions please call and we will be happy to help you.

Michael Capsalis, Chair	Gordon Tapply
David Dyer, Vice Chair	Ken Weidman

Marsha Felder, alternate	Watleigh Torsey, alternate

Highway Department  
2011

Thus far, the weather pattern has been kind to the town roads. Hurricane Irene did some damage, but the drainage upgrades that have been done over the years reduced the damage. I worked with the selectman who filed a FEMA application for disaster assistance. The town received about \$7,000 for that assistance. We have a new employee in Steve Berube, who brings a lot of mechanical knowledge to the job. Along with Bill Bucklin, we have a great crew. I want to thank you all for your continued support.

Buck Cate, Road Agent

Public Safety Department  
Fire Department  
2011

The Bridgewater Fire Department has seen many changes in the past year. The Fire Department would like to acknowledge Andrew Denton, Fire Chief from 1996-2011 and a member since 1976, for his many years of service to the people of Bridgewater. Chief Denton will be sorely missed.

The passing of three former firefighters has been a sad chapter in our department. Maurice Jenness Sr., Fire Chief from 1977-1979 and a charter member of the Bridgewater Fire Brigade; Albert Jacques, a member since 1990; and Milton Reed. These men were well respected by all and I enjoyed working with them during their active service years.

In the EMS Department, Director Tapio Mayo resigned to take a full-time Fire EMS position with the Plymouth Fire Dept. Congratulations to Tapio and thank you for the excellent job the past three years. Tapio will remain on the department as a call EMS firefighter. I would like to introduce Jake Fogarty as the new interim EMS Director, Jake has been with the Department for 3 years. I am sure Jake will continue with the same excellent service as in the past.

Last summer our old 1980 Ford Fire Truck which was purchased new in the early 80's, developed fire pump issues that continued to get worse. Estimates for repair were as high as \$7500.00. It was brought to our attention that we could purchase the 1988 Center Harbor Fire Truck for \$10,525.00, with funds from the Bridgewater Fire Brigade. We worked with the Selectman to purchase this truck. This is a more modern up-to-date truck.

Fire and EMS runs are up slightly as with each year. We expanded our capability by adding four cold water rescue suits and a snowmobile rescue sled, in order to get off road access which we didn't have before. As always, we are looking for new members in both Fire and EMS Departments. Young and mature folks are needed!

PLEASE REMEMBER to change your carbon monoxide and smoke detector batteries when the time changes twice a year. Thank you and have a safe year.

Donald Atwood  
Bridgewater Fire Chief

Public Safety Department  
Emergency Management Services  
2011

The Bridgewater EMS Department has continued to advance with an increase of licensed personnel and improved training. This year we had a leadership change. M. Tapio Mayo, who served as EMS Director from 2008 to 2011 has taken on a fulltime position with the Town of Plymouth, NH Fire Department. A hearty congratulation and thank you to Tapio who continues to play a vital role with the Fire and EMS Departments in Bridgewater. He is now serving as Deputy Chief and Asst. EMS Director. I would also like to thank the Town of Bridgewater Selectmen for the opportunity to lead the EMS Department.

Since the beginning of the year, we have taken on two new EMT-Basics. One member recently received an EMT-Intermediate license. This makes a total of 5 EMT-Intermediates. We have one associate currently attending EMT-Paramedic school that will be finishing up in the fall of 2012. As always, our staff continues to attend continued education classes to not only keep their certifications up to date, but also to keep them educated on the newest protocols and technologies that the medical profession is always upgrading.

We are always looking for people that want to serve on the department. Applications are available in the EMS office. The EMS office is open Monday through Friday 8:30 am to 4:30 pm come in and get an application or just to say hello. If you want a blood pressure test, please feel free to call for an appointment.

The staff and I remain committed to provide the best service possible and if you do have a medical or fire related emergency dial 911. The business phone is 744-6047.

Respectfully,  
Jacob G. Fogarty  
Interim EMS Director

## ASSESSING DEPARTMENT ANNUAL REPORT 2011

In 2011 I performed a “Statistical Update”. We are required by the NH Assessing Standards Board to “create the values anew once every 5 years”. The net valuation (amount used to set the tax rate) of the town decreased by 12% as a result of that process and as a reflection of the sales. I will continue to monitor the real estate market and visit properties that transfer ownership, to ensure that our assessments are accurate and equitable. In 2010 our level of assessment was 105% of market value. I have just completed the 2011 ratio study and submitted it to the Department of Revenue Administration. Our level of assessment for 2011 will be 97%, effectively 100% of market value.

Next year I will continue our data verification project. I visit every property at least once every 10 years to verify that our data is current and correct. Starting in June I will be visiting properties on Whittemore Point that were not visited in 2009. We will mail a letter to all property owners that I plan to visit. Tax Maps 115, 116, 118, 119 and 120 are scheduled for this coming year. If you receive a letter, and you only plan on being in Bridgewater for a limited amount of time next summer, please call and schedule an inspection appointment when you receive the letter.

I am in the Town Office the second Friday of the month, March through December. Should you have questions or concerns about your assessment, please phone the Town Office to schedule an appointment to meet with me.

Respectfully submitted,  
Diana Calder, Assessor

## Audit Report

The Town of Bridgewater has three divisions:

The Town of Bridgewater (Municipal Services)

H-B Regional Refuse Disposal District

Bridgewater – Hebron Village District (School in Bridgewater)

This year we continued updating all divisions to a new common accounting system, new chart of accounts and new internal controls. As mentioned last year, this was to meet new Government Accounting Standards as put forth by the AICPA and required by the State. This has proven a more time consuming process (and expensive!) and the auditors are behind in completing the audits. The 2010 audits are complete for the Refuse District and the Village District. The 2010 audit for the Town will be completed this Spring. (2008 & 2009 are complete. (Copies of all audits are forwarded to the DRA by the auditors to meet necessary oversight requirements.)

We will continue to streamline our procedures and policies to become more efficient in meeting these requirements.

The Selectmen

Bridgewater – Hebron Village District  
2011

Bridgewater-Hebron Village District  
2011 Annual Report

The Bridgewater-Hebron Village District was established in 1998 under RSA 52 as a separate municipal corporation. It is a special purpose district, consisting of the towns of Bridgewater and Hebron, which owns the Bridgewater-Hebron Village School and grounds. The creation of the Village District required special legislation at the state level and it remains the only Village District of its kind in New Hampshire.

Often times the Bridgewater-Hebron Village District (the Village District) is confused with the Newfound Area School District (the School District). The simplest explanation of the difference between the two is the Village District is the landlord and the School District is the tenant. The school is leased by the Newfound Area School District for a dollar a year on a ten-year renewable basis. The operation of the school is handled by the School District. The Village District is not involved with the day-to-day business of the school.

The Village District continues to be in sound financial condition. In 2011, we accomplished the following:

- Resurfaced the gym floor
- Installed zinc strips and treated algae stains on the roof
- Updated lighting ballasts creating energy savings
- Repaired the Simplex phone system
- Performed plumbing repairs
- Finished CO<sub>2</sub> upgrades creating energy savings
- Managed the septic, fields and winter maintenance

The Bridgewater-Hebron Village School is a precious asset for the towns of Hebron and Bridgewater. It is also a great benefit to the students of the School District as well as our greater community.

The Village District's Annual Meeting will be held at the Bridgewater Town Hall on Tuesday, April 10, at 7 p.m., with polls opening for the election of officers at 5 p.m. All constituents are encouraged to attend. We thank you for your continued support.

Respectfully Submitted,

Kathleen Connor, Terence Murphy, Derry Riddle, Commissioners; Henry Woolner, Treasurer

# HB Refuse District 2011

## **HB Refuse District Commissioners Report 2011**

We continue to make progress at the facility. 2011 saw the withdrawal of Hebron from the District. The agreement for the withdrawal obligates them to continue to pay for half of the Bond issue and costs associated with the landfill closures on the property. They will have a continued responsibility for the discontinued landfills far into the future beyond the payoff of the Bond.

We are very pleased with the continued cost reductions in operating beyond the obvious reduction of volume from Hebron. The final remaining issue is with the closure of the old on-site ash landfill. The DES has insisted on yet another set of groundwater tests and an additional monitoring well. While we did most of the permitting designs, the DES groundwater staff is insisting on a licensed engineering firm to finish the design of the closure. That has been done and a recommendation for an on site closure with a dirt cap has been submitted. Existing monitoring wells were installed in 2003 and continue to show no problems. This year, we believe that we will finalize the fate and costs to close that area. We added a slight increase in the budget to accommodate that matter. If we are forced to remove the old ash, it could be very expensive for both towns. Our consulting experts, CMA Engineers, have submitted their recommendation to close in place as many other towns have done. They point out that, thus far, the science is on our side. We will have to wait for the outcome later this year.

As we stated in the Town Report and various hearings in 2003-2005, the first 10 years of this facility would be more expensive and decline thereafter. We are pleased with the progress to date.

On another note, we had a visit from an engineer from Conoco-Philips last November to research our facility. They are the majority owner in the North Slope oil fields in Alaska. They are investigating designing a facility similar to ours to process their solid waste. Much of their waste has to be transported off site which is becoming prohibitively expensive even for large corporation. He left with lots of pictures and emissions results.

Finally, “dumps” used to be the lowest cost to a community. You either buried or open burned the material. For most communities it has fast become the second highest cost in their budgets. This is compounded by the fact that there used to be over 200 landfills In NH There are only 3 left and out of state hauling is fast filling them. As mentioned, with increasing regulations and higher diesel cost, landfills are not a wise option for the majority of your waste stream.

## HB Refuse District Recycling Report 2011

Recyclable Material	Amount Recycled In 2011	<b>Environmental Impact!</b> Here is <u>only</u> one benefit of using this recycled material rather than natural resources (raw materials) to manufacture new products.
Aluminum Cans	2500 lbs.	Conserved enough energy to run a television for 254,400 hours!
Paper	65.41 tons	Saved 1,112 trees!
Plastics	20.22 tons	Conserved 30,330 gallons of gasoline!
Scrap Metal	7 tons	Conserved 7,393 pounds of coal!
Steel Cans	7060 lbs.	Conserved enough energy to run a 60 watt light bulb for 183,560 hours!

Proceeds from sale of above: **Gross: \$17,725.03 Fees: \$4,250.30 Net to HB: \$13,474.70** (This does not reflect the additional impact of recycling. There is less to incinerate and less to landfill) Also, items such as ballasts, bulbs, TV's and other electronics do not generate revenue; they are a cost item only. The above chart is only from one vendor. We recycle additional items with various vendors to enhance revenue. One interesting item worthy of note is how we dispose of construction and demolition material. The C&D is ground into chips (by us) and tested and converted to refuse derived product class. It is combined at the landfill site with dirt and used to cover the cells at the site. It lowers the cost to us from about \$ 80.00 a ton to \$ 20.00 a ton. This year we shipped 100 tons!

We often hear about the fees for certain products at the facility. The reason for that fee is to reduce the amount coming from other towns and to encourage consumers to turn your tires, auto batteries etc with your various service centers. It's far cheaper for them because of their high volume. By enforcing the existing user guidelines, we have seen a significant drop in roof shingles and similar materials. Our fees are lower than most other towns and virtually all towns in NH have some form of fees. In short, it saves all of us more money than we pay for the limited disposal fee. This is a direct result from legislation prohibiting disposal of electronics, tires, bulbs, and other materials from landfills. The EPA and DES added a rule that, unfortunately, makes the disposal of such items difficult. Add to that, diesel fuel cost for the haulers is getting very expensive.

Overall operational costs have significantly declined. (See the accompanying graph and reports). We continue to become more efficient in all processes. Recycling, reuse, incineration and offsite landfill. We thank you for your efforts and continued support.

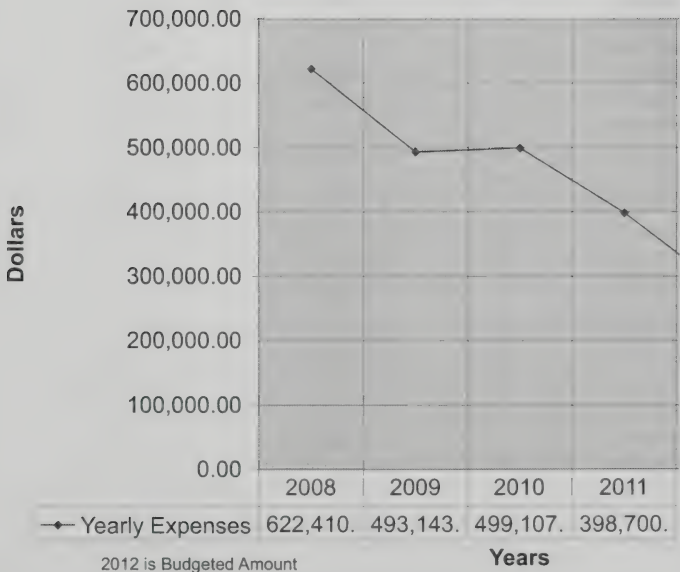

. Kieran Murphy, Manager
